ACTION REQUIRED: See paragraph 6 B, and 5.		INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY.	
REFERENCE(S): As mentioned herein.			
<p>1. AECAPELIN/1 sent a letter, dated 3 November 1958, to Mrs. Sofia MOYSEYOVYCH-YANIV, of the NTSh (Shevchenko Scientific Society - <u>Societe Scientifique Sevoenko</u>) (address: 27, rue des Bauves, Sarcelles (S. et O.), France), to send him a certificate of an invitation for him to visit France. Mrs. MOYSEYOVYCH sent a reply, dated 14 November 1958, with which was enclosed a <u>Certificat d'Entretien et d'Hebergement</u>, signed by Prof. Wolodymyr KUBLJOWITSCH (Volodymyr KUBLYOVYCH), president of NTSh; a copy of the certificate is enclosed (for <input type="checkbox"/> only) as Attachment BB. On 19 November 1958, after undergoing some red tape, AECAPELIN filed his application for a visa to France at the French Consulate in Munich and was informed that the visa processing would take 6-8 weeks.</p> <p>2. The local French Consulate oriented AECAPELIN with the following in regard to questions relating to hurdles he will face in terms of obtaining a cover in France:</p> <p>A. If AECAPELIN goes to France for purposes of employment, he will be able to remain in France if an institute or other group, registered with French authorities, agrees to provide him with employment which would provide him with sufficient compensation for subsistence and maintenance of living quarters. That institute or other group will obtain a permit from the Prefecture of Police for his residence permit in France. Initially the permit will be valid for three months and is renewable every three months during the first year. Subsequently he would be granted a residence permit valid for one year.</p> <p>B. If AECAPELIN goes to France for purposes of research or to study, he must present the French authorities with a statement of financial responsibility, e.g., a bank statement indicating he has sufficient funds for subsistence and maintenance of living quarters during the course of his stay in France. At the French Consulate in Munich, AECAPELIN must present a copy of the statement of instruction to AECAPELIN's bank certifying that he will receive automatic monthly checks from his bank. Should AECAPELIN enter France as a researcher or student, he will be granted visas valid for three months and which are renewable every three months for a one-year period. (Paris: please correct us if necessary.)</p> <p>3. AECAPELIN has begun tutoring in the French language with Eva-marie CHRISTIANI (Munich 19, Hildebrandstrasse 11/3, bei Kaltschmidt; phone: 338770, through Frau Inu von DAHMER). Participating with him in these lessons is his mistress, Teresa ETTERER, who AECAPELIN feels will not present a problem when he transfers from Munich to Paris. MB files contain no traces on CHRISTIANI, who AECAPELIN describes as about 40-45 years old; father Italian and mother German; spent several years in the past decade in Paris as an entertainer; gives singing lessons in Munich.</p> <p>4. Regarding MUNI-0537, paragraph 2, MB's support section has decided AECAPELIN's office quarters will be retained as a KUBARK asset. At an appropriate moment, arrangements will be made wherein a KUBARK representative will meet with AECAPELIN and the lessor of the office quarters for purposes of contract purchase. AECAPELIN has discussed this matter with the lessor whose only qualification is that he wants to make certain that the new lessee will be able to meet rental payments.</p>

5. Regarding AECAPELIN's living quarters, AECAPELIN feels he will encounter no problem in selling his apartment. However,

during the initial phase of his residence in France, which appears will be on a temporary basis, he will have to maintain a residence in Munich. Since other factors in his transfer have not yet been established, his tentative thoughts are that he may be able to arrange to have his mistress move into his apartment or he may sell the apartment and, at the time of his transfer to France, establish his Munich Meldeamt registration at the address of his mistress or locate a small room for this purpose. In any event, it is requested that, for FPO finance purposes, the matter of granting AECAPELIN a reasonable sum of money for the purpose of maintaining residence in Munich, be approved. Also, if necessary, there should be consideration of provision in the FPO for storage of the bulk of AECAPELIN's personal possessions in Munich (a maximum of DM 75 per month) in the event he sells his apartment; note that for purposes of cover AECAPELIN will be unable to move all of his personal goods to France since in Paris he will maintain modest living quarters. Since AECAPELIN acquired his current living quarters at his own expense at a time when it appeared that he would remain indefinitely in Munich, it is requested that Paris consider the inclusion in the FPO of a sum of not more than \$1,000.00 to cover any loss which AECAPELIN may suffer if and when he sells his apartment. However, since there currently is a demand for living quarters in Munich, it is felt that he probably will be able to sell his apartment with very little, if any, loss.

6. During [] TDY to Munich, 1-3 December 1958, the above administrative and cover matters and the following operational items were discussed with him:

A. Should it be decided that it would be of advantage to the [] that AECAPELIN take steps to take over the slot as AECAVATINA/8 chief for France, with headquarters in Paris (discussed initially in MUNI-0999), it would appear to be preferable that AECAPELIN make arrangements with AECAVATINA/12 that AECAPELIN should be the covert chief while AECAPELIN would operate through a figure-head who would be selected personally by AECAPELIN and cleared by KUBARK. Before AECAPELIN initiates any discussion with AECAVATINA/12 on the selection of the figure-head, AECAPELIN feels he should have an opportunity to do his spotting and assessment of the potential man in Paris. It is noted that in the event [] decides AECAPELIN should not become the AECAVATINA/8 chief in Paris, AECAPELIN feels it is equally possible that AECAVATINA/12 would appoint AECAPELIN as the consultant and advisor to the AECAVATINA/8 chief in Paris; incidentally, AECAVATINA/12 has not yet decided on the new AECAVATINA/8 chief in Paris, but has appointed an unidentified man on a temporary basis.

B. [] was briefed on AECAPELIN's relationships with various local personalities of LCIMPROVE interest, including AECANDIOT, [] and others. It is requested that Headquarters forward to Paris an identification of all such personalities and that a complete listing of the AECASSOWARYs, AECAVATINAs, [] and [] be included. Also, please inform [] and MB of the amount which will be in AECAPELIN's stateside escrow account on 31 December 58.

C. [] was also briefed regarding AECAPELIN's history and current relationship with UPSWING. [] views on this matter are found in []-8320.

D. AECAPRTN's archives, now stored in a safe in his office, will be pouched to [] [] view is that, following further discussions with AECAPELIN, for security reasons the files may be micro-filmed and a copy of the microfilm, with viewer, will be given to AECAPLIN, while the archives will be kept at the []
